Synod Moderator's Greetings

My beloved fellow Presbyterians, on this Synod Sunday, it is my prayer, first of all, that ***“you may enjoy good health and that all may go well with you, even as your soul is getting along well”*** (3 John 2).

The Sermon Title on ***‘Recapturing a Sense of Awe for the Glory of God’*** is chosen because as Christians living in a society where everything seems humanly attainable and easily achievable, we might not have noticed that our awe of God is being rapidly replaced with our awe of self.

This is especially so when we seamlessly move on from one project to another. Remember the story of David & Goliath? The Israelites were afraid of Goliath because they had lost their awe of God. But not David! His awe of God had produced in him courage and motivation.

To lose the awe of God is to forget who God is!

It is time we ask ourselves two questions:

- Does the awesome Majesty and Mystery of God still cause us to pause in awe?
- Are we still gripped by the Glory of God which fills the whole earth?
